SEPTEMBER MEETING:

Wednesday, September 9th at 3:00 PM

Tyvola Senior Center

**AMANDA COX from CAPTIONCALL
will be speaking on**

Hearing Loss...

***The signs, effects, and what you can
do to help stay socially connected!***

Amanda Cox started working with CaptionCall in March 2020, though her passion for helping those with hearing loss started long before then! Her mother was an ASL interpreter until she passed away in 2014 from pancreatic cancer. Amanda loved seeing her mother's passion for helping the deaf community stay socially connected so when the opportunity with CaptionCall came about earlier this year it only made sense for her to follow in her mother's footsteps. With CaptionCall, Amanda helps to provide no-cost amplified and captioned telephones to anyone that suffers from hearing loss and needs captions to use the phone.
