Comfort Keepers

Continuing Education Webinar for Healthcare Professionals

AGING, HEALTH & LONGEVITY IN THE 21ST CENTURY

Tuesday, February 6, 2024 — 12 noon CST

S. JAY OLSHANSKY, PH.D.

PROFESSOR, SCHOOL OF PUBLIC HEALTH, UNIVERSITY OF ILLINOIS AT CHICAGO

Join Dr. Olshansky for a discussion of human longevity (and its limits), life expectancy in the U.S., and the benefits and dangers associated with cures for major fatal diseases. Participants will also learn about the rationale for a new paradigm in public health — **Geroscience** — that has emerged in recent years.

Comfort Keepers is the leading provider of In-Home Care Services, offering customized plans for older adults who need a bit of help to live, and thrive, in the home environment they love.

In gratitude to our many community partners in the healthcare industry, Comfort Keepers offers FREE lunchtime webinars to provide information, inspiration, and CEUs to those who would like to join us.

To register for this FREE one-hour webinar, use the QR Code at the left or use this link: <http://tinyurl.com/2jwwza47>

CEUs* are available at no charge to attendees. *Certified by the Association of Social Work Boards (ASWB) and the American Nurses Credentialing Center (ANCC)
